New Delhi, India

## SUMMARY

Seeking a challenging role as a Solution Architect or Senior Developer, leveraging expertise in Sitecore alongside proficiency in diverse technologies such as Optimizely, Next.js, React, and more to drive innovative solutions and elevate project outcomes.

## EXPERIENCE

### Associate Consultant

#### Eviden (An Atos Business)

03/2024 - Present Remote

- Worked in R&D team to build capability for Optimizely CMS for new customers.
- Worked independently as a Sitecore developer for Phase 2 development of the Live Site.

### Senior Software Engineer

#### Eviden (Contract – SkillianTech Payroll)

08/2023 - 03/2024 Remote

- Started the Sitecore Headless Project with Sitecore First Approach.
- Successfully delivered the Sitecore headless site before time.

### Associate Application Developer

#### Accenture

02/2022 - 06/2023 Gurugram

- Worked in a team of developers to develop Sitecore JSS components and site.

## PROJECTS

### AllState Canada

A headless Sitecore JSS site with React in FrontEnd

- Started the Project using Sitecore First Approach
- Implemented Solr-based global search in Sitecore project, utilizing computed fields.
- Implement SAML2-based Single Sign-On (SSO) for clients to securely log in with their Client IDs.
- Implemented content governance workflows in Sitecore, ensuring smooth content creation, review, and approval.
- Developed and integrated custom SMTP notifications to inform clients about content governance activities
- Implemented Sitecore CLI (Command Line Interface) for content serialization
- Implemented Headless Mode using JSS Headless Proxy for React in Production and other higher environments.
- Developed geolocation personalization and custom personalization rules for dynamic content delivery.
- Integrated Diagona Module to optimize sitecore media delivery.

## SKILLS

### Sitecore

Sitecore 10.x SXA Sitecore JSS

Asp.Net

### Others

ReactJS Optimizely CMS Solr

PowerShell

## EDUCATION

Bachelor of Technology, Mechatronics

### Delhi Institute of Tool engineering

2017 - 2021

## ACHIEVEMENTS

#### Secured the Spot Award - Eviden

For Outstanding work done in Sitecore Implementation

#### Certified Sitecore 10 Developer

## SOCIAL PROFILES

#### Github For Sitecore Code

<https://github.com/NikhilBidhuri/>

#### Sitecore Solutions By Nikhil

<https://sitecoresolutionsbynikhil.blogspot.com/>

## INTERESTS

I contribute to the Sitecore community and LinkedIn, regularly providing answers on Sitecore Stack Exchange and Stack Overflow. Additionally, I write blogs on complex Sitecore implementations.

## PROJECTS

---

### Saudi Airlines

- Implemented Sitecore CLI
- Migrated Sitecore 10.2 to 10.3
- Developed numerous PowerShell scripts to manage content
- Made Sitecore Components and Content Resolvers
